

## **Validation Error:**

There is a company contribution on the tax line

### **Background**

When running the IRP5/IT3a report the error prints on the report.

### **Possible Solution:**

- The tax value on the CC Tax line is not allowed, and must be removed from the record
- Take note, this value was declared on the EMP201 on the specific employee
- Removing the value, will result in the value to be removed from the EMP501
