Release 5.4c – SDL

SDL contribution holiday

Employers who are registered for SLD will be exempt from the SDL liability and payment of the SDL contribution.

Effective date: 1 May 2020 – 31 August 2020

Notes: According to the [SARS FAQ](#), the SDL liability amount will automatically default to 0.00 on the EMP201 return for the 4-month period.

What is required on the payroll?

When the update is installed in May, any Month to Date values will automatically be reversed and no SDL will calculate from May to August.

Note: Release 5.4c should be installed in May only to prevent SDL incorrectly being removed for any period prior to May
