

e@syFile Errors

Code 3699 is mandatory if no value for 3696

Background

When generating the IRP5.18 file for the Periodic Recon on Release 4.9a, the error appears on Resident Non-Executive Directors with no YTD+ values.

When you import the file on e@syFile, you receive this error message on the Import Payroll File Log

Possible Solution:

- Issue was reported on Release 4.9a
- Access the Employee Information (IS screen) Statutory tab, and flag the record for "Manual/e@syFile Issued"
- Export the report again and import into e@syFile
